Nearly 70% sold!

Interest has always been high at our Castle Fields development at Dunster Beach in Somerset and nearly 70% of the 1, 2, 3 and 4 bedroom homes have now been sold.

Situated in the perfect location where seaside meets countryside, as well as some homes being particularly priced for the local community to afford, means there is something for everyone.

We were delighted to host a 'Help to Buy' event at Castle Fields on 29th April where our experts were on hand to explain and answer questions on the Government's Help to Buy scheme as well as the great offers we have available for buyers.

Get to know the owners

We chat with two Castle Fields home owners...

Mr & Mrs H and their two dogs have recently moved from Trowbridge into a new 3 bed home at Castle Fields. After visiting the Dunster Beach area for 30 years they decided to take the plunge and move there permanently. Mr H commented 'We were very impressed with the stunning show home which has been reflected in the quality of build in our new home. We have never bought a new build home before but liked the idea of having no work to do. Strongvox have been so helpful throughout especially Gina & Pat in the sales office and nothing is too much trouble for them. Strongvox were able to recommend a solicitor who dealt with the sale of our old home plus the purchase of the new one to make everything run smoothly. Although the builders are still on site, this has not been a problem as they have always been considerate and friendly to the homeowners that have already moved in.'

Mr & Mrs M recently moved into their new 3 bed house at Castle Fields which was one of the homes offered as discounted affordable for local people. Having sold their two bed home they were advised to look at Castle Fields by an Estate Agent. They decided that the two bed home they could afford was too small but Gina in the Sales Office recommended that they apply for one of the three bed discounted affordable homes. After meeting all the necessary requirements they now have a home they would never have been able to afford without this scheme. Mrs M commented that the move has been 'life changing' and their new home is 'fantastic and more than they could have hoped for'. They are feeling very settled and enjoy walks on the beach with their dog. There really have been no negatives and everyone from Gina in the office to the builders still on site have been so helpful and friendly.

Next take a look inside the Castle Fields show home...
